

Tsunami Information No.: 3

Date issued: December 29, 2018

Time issued: 03:00 PM

Cancellation of Tsunami Advisory

A major earthquake occurred 170 km S38°E of Governor Generoso, Davao Oriental on **December 29, 2018** at **11:39 AM Philippine Standard Time (PST)**, located at **05.45°N, 127.03°E** with depth of **54 km** and a **magnitude of 7.2**. PHIVOLCS issued TSUNAMI ADVISORY for the coastal communities along the Philippine sea coast where minor sea level disturbances are expected. Staying away from the beach and not going to the coast were recommended.

Minor waves associated with this event were recorded by our sea level monitoring station in Mati, Davao Oriental with a maximum height of 0.08 meter. The last recorded wave occurred at 01:10 PM (PST) for this station. Records show that wave heights have returned to the normal tide level.

With this, **any effects due to minor sea level disturbances have largely passed and therefore DOST-PHIVOLCS has now cancelled recommendations prescribed in our Tsunami Advisory issued for this event.**

This will be the final tsunami information issued for this event.
